MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of the British Columbia Liquor Distribution Branch have been prepared by management in accordance with Canadian generally accepted accounting principles. Any financial information contained elsewhere in the annual report has been reviewed to ensure consistency with the financial statements.

Management is responsible for the integrity of the financial statements and has established systems of internal control to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and financial records are properly maintained to facilitate the preparation of financial statements in a timely manner.

The Office of the Auditor General of British Columbia has performed an independent audit of the financial statements of the Liquor Distribution Branch. The Auditor's Report outlines the scope of this independent audit and expresses an opinion on the financial statements of the Liquor Distribution Branch.

Jay Chambers General Manager

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS

March 31, 2009

(Tabular amounts in \$000s)

1. PURPOSE OF THE BRANCH

The British Columbia Liquor Distribution Branch (Branch) obtains its authority for operation from the *British Columbia Liquor Distribution Act (Act)*. As stated in Section 2 of this *Act*, the Branch has the exclusive right to purchase liquor for resale and reuse in the Province in accordance with the provisions of the *Importation of Intoxicating Liquors Act (Canada)*.

2. SIGNIFICANT ACCOUNTING POLICIES

As prescribed by Section 30(3)(b) of the *Act*, the financial statements of the Branch are prepared in accordance with Canadian generally accepted accounting principles.

Significant accounting policies are as follows:

Financial Instruments

The Branch has designated its financial instruments as follows:

Cash is classified as held for trading and measured at fair value. Accounts receivable are classified as loans and receivables and are measured at amortized cost. Bank indebtedness, accounts payable and accrued liabilities are classified as other financial liabilities and are also measured at amortized cost.

The Branch is exposed to various risks related to its financial assets and liabilities. It is management's opinion that the Branch is not exposed to significant market, credit or liquidity risk arising from these instruments.

- Market Risk Market risk is the risk that changes in the market prices, such as foreign exchange rates and interest rates, will affect the Branch's income or the value of its financial instruments. The Branch's exposure to foreign currency risk is only related to the value of foreign exchange transactions in the normal course of business, and manages this risk by minimizing the amount of the transactions in foreign funds.
- Liquidity Risk Liquidity risk is the risk that the Branch will be unable to meet its financial obligation as they become due. The Branch manages liquidity risk primarily by monitoring cash flows and by maintaining the ability to borrow funds through the Province.
- Credit Risk Credit risk is the risk of financial loss to the Branch due to customer inability to pay for product or counterparty to a financial instrument fails to meet its contractual obligations. The Branch's exposure to credit risk is only related to the value of accounts receivable in its normal course of business, and manages this risk by minimizing the amount of transactions which require recovery. The Branch continually monitors and manages the collection of receivables.

Foreign Currency Translation

The Branch in the normal course of business purchases product in foreign currency. Any

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS

March 24 2000

March 31, 2009

(Tabular amounts in \$000s)

foreign currency transactions are translated into Canadian dollars at the rate of exchange in effect at transaction date. Any foreign currency denominated monetary assets and liabilities are stated using the prevailing rate of exchange at the balance sheet date.

Inventories

The Branch's inventories are valued at the lower of cost and net realizable value. Store inventories are determined on a first-in, first-out basis. Warehouse inventories are determined on a weighted average cost basis. Cost is comprised of supplier invoiced value, freight, duties and taxes. Net realizable value represents the estimated selling price for inventories less the costs to sell.

Property, Plant and Equipment

Property, plant and equipment are stated at cost and are amortized over the estimated useful lives of the assets as expressed as follows:

Buildings

7.5 per cent per annum.

Leasehold improvements

A minimum of 10 per cent per annum or a rate sufficient to amortize the cost over the remaining life of the respective lease.

Furniture, fixtures, vehicles and equipment 25 per cent per annum.

Information Systems

25 per cent per annum.

Leasehold improvements and capital projects

All material costs of construction and development for leasehold improvements and capital projects are treated as assets under Construction in Progress accounts. At the point in time when the project is substantially completed the costs are capitalized into their applicable categories and amortized at the asset category rate.

Leases

Assets recorded as capital leases are capitalized and amortized at the applicable asset category rate. All other leases are accounted for as operating leases wherein rental payments are expensed as incurred.

Revenue Recognition

Revenue is recognized when the sale of product is made to customers. Customers include retail customers, licensed establishments, licensee retail stores, and agency stores.

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS March 31, 2009

(Tabular amounts in \$000s)

Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Changes in Accounting Policies

On April 1, 2008 the Branch adopted four new accounting standards that were issued by the Canadian Institute of Chartered Accountants (CICA): Section 1535 Capital Disclosures, Section 3031 Inventories, Section 3862 Financial Instruments – Disclosures and Section 3863 Financial Instruments – Presentation. The adoption of these new standards did not have any material impact on net income.

Section 1535 Capital Disclosures, requires disclosure of information related to the objectives, policies and processes for managing capital. In addition, the disclosures include whether externally imposed capital requirements have been complied with. As this standard only addresses disclosure requirements, there is no impact on the Branch's net income.

Section 3031 Inventories, replaced Section 3030 with the same title, aligns Canadian GAAP with International Financial Reporting Standards. It establishes four basic principles: inventory should be measured at the lower of cost and net realizable value; the cost of inventory includes costs directly attributable to its acquisitions as well as an appropriate portion of fixed and variable production overheads; if the units in inventory are interchangeable, their cost should be determined using either a first-in-first-out or weighted average cost formula; and write-downs of inventory to its net realizable value should be reversed if the value subsequently recovers. The impact of this new standard has no significant effect on the financial statements.

Section 3862 Financial Instruments – Disclosures and Section 3863 Financial Instruments – Presentation, revises and enhance the current disclosure requirements but do not change the existing presentation requirements for financial instruments. The new disclosure provides additional information on the nature and extent of risk arising from financial instruments and how the Branch manages those risks.

Future Accounting Standards

In February 2008 the CICA issued section 3064 Goodwill and Intangible Assets which provides guidance on the recognition, measurement, presentation and disclosure for goodwill and intangible assets, other than the initial recognition of goodwill or intangibles assets acquired in a business combination. This standard is effective for fiscal years beginning on or after October 1, 2008 and requires retroactive application to prior period financial statements. The Branch has evaluated the impact of this new standard for adoption on April 1, 2009 and does not expect any significant impact on its financial statements.

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS March 31, 2009

(Tabular amounts in \$000s)

International Financial Reporting Standards (IFRS)

In February 2008, the Canadian Accounting Standards Board (AcSB) confirmed that the use of IFRS will be required in 2011 for publicly accountable enterprises. IFRS will replace Canada's current generally accepted accounting principles for those enterprises. These include profit-oriented enterprises that are responsible to large or diverse groups of stakeholders, including other government organizations, which would include the Branch. The official changeover date is for interim and annual financial statements relating to fiscal years beginning on or after January 1, 2011. The Branch has begun assessing the adoption of IFRS, however the financial reporting impact from the transition to IFRS cannot be reasonably determined at this time.

3. INVENTORIES

At March 31, 2009, store inventories were \$57.6 million (2008 - \$55.9 million) and warehouse inventories were \$33.6 million (2008 - \$27.4 million).

4. PREPAID EXPENSES

Prepaid expenses include wine purchases. The Branch as part of its on-going business practices purchases select products in advance to secure delivery of these products up to three years in advance. These products are normally purchased in foreign currency and are translated to Canadian dollars at the rate of exchange in effect at the transaction date. The Branch has recorded \$7.0 million of prepaid wine futures that represents \$4.1 million for 2009/10 and \$2.9 million for 2010/11.

5. PROPERTY, PLANT AND EQUIPMENT

		2009		2008

Iı	nterest	(58)	(6)	(64)
Current P	ortion_	(40)	(28)	(68)
Lon	g term	220	30	250

9. DUE TO PROVINCE OF BRITISH COLUMBIA

The Branch does not maintain a separate bank account and uses the Province of British Columbia's financial and banking systems to process and record its transactions. The amount due to the Province of British Columbia represents the accumulated net financial transactions with the Province.

10. COMMITMENTS

Future commitments for operating leases for Branch premises and equipment are as follows:

Year Ending March 31	2010	23,073
	2011	20,399
	2012	16,616
	2013	14,124
	2014	10,603
Sı	ıbsequent years	25,817
		110,632

Government Liquor Store Fees

In fiscal 2008, the Branch entered into an agreement with the Liquor Control Licensing Board (LCLB) to provide the LCLB a fee in the amount of \$1,400 per Government Liquor store, on an annual basis. This amount is subject to an adjustment relative to the number

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS March 31, 2009

(Tabular amounts in \$000s)

of government liquor stores in operation. The term of this agreement is for five years. For the remaining three years, the LDB is required to pay an amount of \$276,000 each year in fees (based on 197 stores) plus administration costs.

11. CONTINGENT ITEMS

The Branch has authorized suppliers' agents to import and warehouse wines and spirits for subsequent purchase by the Branch. Under this program, the Branch has a contractual obligation to purchase all inventories held by the agent should the agent opt out of the program. As at March 31, 2009, the value of agents' inventories totalled approximately \$94.6 million (2008 - \$77.8 million) and the future liability for related federal excise taxes is \$16.4 million (2008 - \$13.6 million). The Branch is currently in discussions with the Canada Revenue Agency relating to the application of the Goods and Services Tax (GST) on import wines and spirits under this program. It is anticipated that, with the exception of the timing of the payment of GST, there will not be any significant impact to the financial statements.

The Branch is the defendant in legal actions and it is not expected that the ultimate outcome of these claims will have a material effect on the financial position of the Branch.

12. SALES

Total sales reported include sales to retail customers, licensed establishments, licensee retail stores and agency stores. These amounts do not include subsequent resale by licensed establishments, licensee retail stores and agency stores.

	2009	2008
Retail customers	1,136,225	1,084,901
Licensee retail stores	923,008	864,384
Agency stores	231,416	219,280
Licensed establishments	503,881	510,901
	2,794,530	2,679,466

13. EMPLOYEES' BENEFIT PLANS

The Branch and its employees contribute to the Public Service Pension Plan in accordance with the Public Sector Pension Plans Act. The British Columbia Pension Corporation administers the plan, including payment of pension benefits to employees to whom the act applies. The Public Service Pension Plan is a multi-employer, defined benefit plan. Under joint trusteeship, the risk and reward associated with the Plan's unfunded liability or surplus is shared between the employers and the plan members and will be reflected in their future contributions. Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent actuarial valuation (March 31, 2008) determined that the Plan needed to implement a contribution rate increase to meet funding requirements of the Pension Benefits Standards Act. As a result, rates for employees and employers increased by 0.15% as of April 1, 2009. The total amount paid

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS March 31, 2009

(Tabular amounts in \$000s)

into this pension plan by the Branch for the 2008/09 fiscal year was \$10.0 million for employer contributions (2007/08: \$10.1 million).

Employees are also entitled to specific retirement benefits as provided for under collective agreements and terms of employment. The future liability for this obligation amounts to \$9,790,708 (2008 – \$9,692,516), which represents future employees' retirement benefits outside of The Plan and is included in accounts payable. The expense adjustment recorded in the year is \$98,192 (2008 - \$345,984).

14. CAPITAL MANAGEMENT

The Branch does not retain any equity – which is what the Branch considers to be its capital. Net income is returned to the Province of British Columbia. The Branch's objectives when managing capital are to optimize the use of capital to provide an appropriate return to the Province.

The Branch manages its capital based on the funds available to the Branch. The Branch has policies and processes in place that provides direction for the management of the funds. There has been no change to the Branch's capital management approach during the year. The Branch has no externally imposed capital requirements.

15. RELATED PARTY TRANSACTIONS

The Branch is related through common ownership to all Province of British Columbia ministries, agencies and Crown corporations. Transactions with these entities are generally considered to be in the normal course of operations and are recorded at the exchange amount, unless disclosed separately in these financial statements.

The Branch acts as an agent for the Ministry of Finance regarding the collection of social service taxes on liquor sales.

The financial statements include the following transactions with related parties of the Province of British Columbia and Crown corporations:

Payments from related parties were received for the follow	ving:		
Other income	\$	62	\$ 38

Other related party transactions have been disclosed elsewhere in the notes to the financial statements.

16. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

The cash flow statement for the prior year has been reclassified to conform with the presentation in the current year for the acquisition of property, plant and equipment and capital project assets at gross outlays instead of net outlays. This resulted in a decrease in cash spent on acquisition of property, plant and equipment by \$4.7 million, offset by an equal increase in cash used to acquire capital project assets.

Schedule of Debts

B.C. Liquor Distribution Branch's long term debt is not secured by debt instruments nor is it covered by sinking funds or reserves.

Prepared under the Financial Information Regulation, Schedule 1, section 4.

Schedule of Guarantee and Indemnity Agreements

B.C. Liquor Distribution Branch has not given any guarantees or indemnities under the Guarantees and Indemnities Regulation.

Prepared under the Financial Information Regulation, Schedule 1, section 5.
