MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of the British Columbia Liquor Distribution Branch have been prepared by management in accordance with Canadian generally accepted accounting principles. Any financial information contained elsewhere in the annual report has been reviewed to ensure consistency with the financial statements.

Management is responsible for the integrity of the financial statements and has established systems of internal control to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and financial records are properly maintained to facilitate the preparation of financial statements in a timely manner.

The Office of the Auditor General of British Columbia has performed an independent audit of the financial statements of the Liquor Distribution Branch. The Auditor's Report outlines the scope of this independent audit and expresses an opinion on the financial statements of the Liquor Distribution Branch.

Jay Chambers General Manager

Roger M. Bissoondatt, CA, CMA Chief Financial Officer

Vancouver, British Columbia June 4, 2010

Report of the Auditor General of British Columbia

To the Minister of Housing and Social Development Province of British Columbia:

I have audited the balance sheet of the *British Columbia Liquor Distribution Branch* as at March 31, 2010, and the statements of operations, advance due to Province of British Columbia and cash flows for the year then ended. These financial statements are the responsibility of the Branch's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the financial position of the *British Columbia Liquor Distribution Branch* as at March 31, 2010, and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Victoria, British Columbia June 4, 2010 John Doyle, MBA, CA Auditor General

The accompanying notes are an integral part of these financial statements.

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS

March 31, 2010

(Tabular amounts in \$000s)

1. PURPOSE OF THE BRANCH

The British Columbia Liquor Distribution Branch (Branch) obtains its authority for operation from the *British Columbia Liquor Distribution Act (Act)*. As stated in Section 2 of this *Act*, the Branch has the exclusive right to purchase liquor for resale and reuse in the Province in accordance with the provisions of the *Importation of Intoxicating Liquors Act (Canada)*.

2. SIGNIFICANT ACCOUNTING POLICIES

As prescribed by Section 30(3)(b) of the *Act*, the financial statements of the Branch are prepared in accordance with Canadian generally accepted accounting principles.

Significant accounting policies are as follows:

Financial Instruments

The Branch has designated its financial instruments as follows:

Cash is classified as held for trading and measured at fair value. Accounts receivable are classified as loans and receivables and are measured at amortized cost. Bank indebtedness, accounts payable and accrued liabilities are classified as other financial liabilities and are also measured at amortized cost.

The Branch is exposed to various risks related to its financial assets and liabilities. It is management's opinion that the Branch is not exposed to significant market, credit or liquidity risk arising from these instruments.

- Market Risk Market risk is the risk that changes in the market prices, such as foreign exchange rates and interest rates, will affect the Branch's income or the value of its financial instruments. The Branch's exposure to foreign currency risk is only related to the value of foreign exchange transactions in the normal course of business, and manages this risk by minimizing the amount of the transactions in foreign funds.
- Liquidity Risk Liquidity risk is the risk that the Branch will be unable to meet its financial obligation as they become due. The Branch manages liquidity risk primarily by monitoring cash flows and by maintaining the ability to borrow funds through the Province.
- Credit Risk Credit risk is the risk of financial loss to the Branch due to customer inability to pay for product or counterparty to a financial instrument fails to meet its contractual obligations. The Branch's exposure to credit risk is only related to the value of accounts receivable in its normal course of business, and manages this risk by minimizing the amount of transactions which require recovery. The Branch continually monitors and manages the collection of receivables

Foreign Currency Translation

The Branch in the normal course of business purchases product in foreign currency. Any

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS

March 31, 2010

(Tabular amounts in \$000s)

foreign currency transactions are translated into Canadian dollars at the rate of exchange in effect at transaction date. Any foreign currency denominated monetary assets and liabilities are stated using the prevailing rate of exchange at the balance sheet date.

Inventories

The Branch's inventories are valued at the lower of cost and net realizable value. Store inventories are determined on a first-in, first-out basis. Warehouse inventories are determined on a weighted average cost basis. Cost is comprised of supplier invoiced value, freight, duties and taxes. Net realizable value represents the estimated selling price for inventories less the costs to sell.

Intangible Assets

On April 1, 2009 the Branch adopted, on a retrospective basis with restatement, section 3064 Goodwill and Intangible Assets which provides guidance on the recognition, measurement, presentation and disclosure for goodwill and intangible assets, other than the initial recognition of goodwill or intangibles assets acquired in a business combination. This standard is effective for fiscal years beginning on or after October 1, 2008 and requires retroactive application to prior period financial statements.

Under the new standard, costs related to development projects can be recorded as assets only if they meet the definition of an intangible asset. Intangible assets include purchased/customized software and the capitalized cost of internal and external IT professionals developing and tailoring software used in the business. Additionally, computer software that is not an integral part of the related hardware and was previously included in property and equipment is required under the new standard to be included in intangible assets. As these costs have a limited useful life, they continue to be amortized at a rate of 25 per cent per annum.

The adoption of this new standard did not have any impact on net income.

Property, Plant and Equipment

Property, plant and equipment are stated at cost and are amortized over the estimated useful lives of the assets as expressed as follows:

Buildings

7.5 per cent per annum.

Leasehold improvements

A minimum of 10 per cent per annum or a rate sufficient to amortize the cost over the remaining life of the respective lease.

Furniture, fixtures, vehicles and equipment 25 per cent per annum.

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS March 31, 2010

(Tabular amounts in \$000s)

Information Systems 25 per cent per annum.

Leasehold improvements and capital projects

All material costs of construction and development for leasehold improvements and capital projects are treated as assets under Construction in Progress accounts. At the point in time when the project is substantially completed the costs are capitalized into their applicable categories and amortized at the asset category rate.

Leases

Assets recorded as capital leases are capitalized and amortized at the applicable asset category rate. All other leases are accounted for as operating leases wherein rental payments are expensed as incurred.

Revenue Recognition

Revenue is recognized when the sale of product is made to customers. Customers include retail customers, licensed establishments, licensee retail stores, and agency stores.

Employee Future Benefits

Liabilities are recorded for employee retiring allowance benefits as employees render services to earn those benefits.

Defined contribution plan accounting is applied to the multi-employer defined benefit pension plan because sufficient information is not available to apply defined benefit accounting. Accordingly, contributions are expensed as they become payable.

Use of Estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

Future Accounting Standards

International Financial Reporting Standards (IFRS)

The Canadian Accounting Standards Board (AcSB) has confirmed that, on January 1, 2011, International Financial Reporting Standards (IFRS) will replace Canadian generally accepted accounting principles (Canadian GAAP) for publicly accountable enterprises. The Public Sector Accounting Board (PSAB) has amended the Introduction to the Public Sector Accounting Handbook to confirm the direction previously provided to Government Business Enterprises, which the Liquor Distribution Branch is classified as, to adhere to the standards for publicly accountable enterprises.

The Branch has embarked on a project to determine the changes required to comply with the direction of PSAB. The Branch will continue to review changes to standards and apply

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS

March 31, 2010

(Tabular amounts in \$000s)

them, as applicable. Throughout the year, the Branch will revisit its timelines, processes and accounting policy choices or elections to ensure it is fully prepared to comply with PSAB directions.

3. INVENTORIES

At March 31, 2010, store inventories were \$59.1 million (2009 - \$57.6 million) and warehouse inventories were \$30.9 million (2009 - \$33.6 million).

4. PREPAID EXPENSES

Prepaid expenses include wine purchases. The Branch as part of its on-going business practices purchases select products in advance to secure delivery of these products up to three years in advance. These products are normally purchased in foreign currency and are translated to Canadian dollars at the rate of exchange in effect at the transaction date. At March 31, 2010, the Branch has recorded \$5.6 million (2009 - \$7.0 million) of prepaid wine futures for delivery in the following years:

	2015	12,072
Sub	sequent years	25,210
		120,621

Government Liquor Store Fees

In fiscal 2008, the Branch entered into an agreement with the Liquor Control Licensing Board (LCLB) to provide the LCLB a fee in the amount of \$1,400 per Government Liquor store, on an annual basis, plus administration costs. This amount is subject to an adjustment relative to the number of government liquor stores in operation. The term of this agreement is for five years. For fiscal 2009/10, the Branch paid \$275,800 for fees plus administration costs. Effective April 1, 2010, the LCLB fee structure will be based upon annual sales in each government liquor store. For fiscal 2010/11, the Branch will be required to pay approximately \$423,000 in fees, plus administration costs.

12. CONTINGENT ITEMS

The Branch is the defendant in legal actions and it is not expected that the ultimate outcome of these claims will have a material effect on the financial position of the Branch.

13. SALES

Total sales reported include sales to retail customers, licensed establishments, licensee retail stores and agency stores. These amounts do not include subsequent resale by licensed establishments, licensee retail stores and agency stores.

	2010	2009
Retail customers	1,160,255	1,136,225
Licensee retail stores	958,682	923,008
Agency stores	234,101	231,416
Licensed establishments	501,034	503,881
	2,854,072	2,794,530

BRITISH COLUMBIA LIQUOR DISTRIBUTION BRANCH NOTES TO THE FINANCIAL STATEMENTS March 31, 2010

(Tabular amounts in \$000s)

14. EMPLOYEES' BENEFIT PLANS

The Branch and its employees contribute to the Public Service Pension Plan in accordance with the Public Sector Pension Plans Act. The British Columbia Pension Corporation administers the plan, including payment of pension benefits to employees to whom the act applies. The Public Service Pension Plan is a multi-employer, defined benefit plan. Under joint trusteeship, the risk and reward associated with the Plan's unfunded liability or surplus is shared between the employers and the plan members and will be reflected in their future contributions. Every three years an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. The most recent actuarial valuation (March 31, 2008) determined that the Plan needed to implement a contribution rate increase to meet funding requirements of the Pension Benefits Standards Act. As a result, rates for employees and employers increased by 0.15% as of April 1, 2009. The total amount paid into this pension plan by the Branch for the 2009/10 fiscal year was \$10.7 million for employer contributions (2009 - \$10.0 million).

Employees are also entitled to specific retirement benefits as provided for under collective agreements and terms of employment. The future liability for this obligation amounts to \$9,900,358 (2009 – \$9,790,708), which represents future employees' retirement benefits outside of The Plan and is included in accounts payable. The expense adjustment recorded in the year is \$109,650 (2009 - \$99,192).

15. CAPITAL MANAGEMENT

The Branch does not retain any equity – which is what the Branch considers to be its capital. Net income is returned to the Province of British Columbia. The Branch's objectives when managing capital are to optimize the use of capital to provide an appropriate return to the Province.

The Branch manages its capital based on the funds available to the Branch. The Branch has policies and processes in place that provides direction for the management of the funds. There has been no change to the Branch's capital management approach during the year. The Branch has no externally imposed capital requirements.

16. RELATED PARTY TRANSACTIONS

The Branch is related through common ownership to all Province of British Columbia ministries, agencies and Crown corporations. Transactions with these entities are generally considered to be in the normal course of operations and are recorded at the exchange amount, unless disclosed separately in these financial statements.

The Branch acts as an agent for the Ministry of Finance regarding the collection of social service taxes on liquor sales.

The financial statements include the following transactions with related parties of the Province of British Columbia and Crown corporations:

Payments from related parties were received for the following	ng:		
Other income	\$		\$ 62

Other related party transactions have been disclosed elsewhere in the notes to the financial statements.

17. COMPARATIVE FIGURES

Certain comparative figures have been reclassified to conform to the financial statement presentation adopted in the current year.

The balance sheet for the prior year has been reclassified to conform with the presentation in the current year as a result of the retrospective implementation of CICA HB 3064 – Goodwill and Intangible Assets. As a result, property plant and equipment decreased by \$2.9 million which was offset by an increase in intangible assets. There was no impact to net income.

Schedule of Debts

B.C. Liquor Distribution Branch's long term debt is not secured by debt instruments nor is it covered by sinking funds or reserves.

Prepared under the Financial Information Regulation, Schedule 1, section 4.

Schedule of Guarantee and Indemnity Agreements

B.C. Liquor Distribution Branch has not given any guarantees or indemnities under the Guarantees and Indemnities Regulation.

Prepared under the Financial Information Regulation, Schedule 1, section 5.
